## ABOUT OUR COMPANY

01

Igatsha Consulting (Pty) Ltd, was established in 2020 as a consulting company that provides quality expertise in the engineering field around South Africa. This company promotes quality, commitment, integrity and professionalism amongst all the clients.

**PR Tech Eng. NDUMISO MTSHALI**  
*Chief Executive Officer*

# Why Choose Us?

We ensure access to a wealth of expertise, tailored solutions, and dedicated support throughout every phase of your projects.

We bring a proven track record of success, with experienced professionals who understand the intricacies of the construction industry.

Our commitment to quality, innovation, and client satisfaction set us apart, making us the ideal partner for your project needs.

## WHO WE ARE

### VISION

Igatsha Consulting (Pty) LTD vision is to be among the leading black-owned company in KwaZulu Natal and meeting the needs of our clients through excellent, expeditious and efficient service. To charge reasonable prices to our customers and to be the best in all the aspect that we are involve in. To stand as a shining example of the entrepreneurial spirit in action, showing sound ethical values and offering opportunities to turn the world around creating job opportunities in order to decrease number of unemployment people. Our vision is to strive for better services excellence and offer reliable and long term client support with easy channels of communication.

### MISSION

We strive to be the leading service provider in the following sectors;  
Project management, Structural designing, civil engineering consulting, quality and efficiency so as to exceed our clients expectations.

To assist our clients (communities) to participate fully in development of community people in business and to ensure that they play a prominent role in fighting against unemployment and poverty. By giving our very best to every task we undertake and maintain patience through wisdom and understanding. To nature all life forms and protects the environment.

To be competitive, responsible and innovative company that ensures value for construction solution and services and transfer of skills in all services rendered.

### VALUES

The company committed to provide the good customer service. Compliance with rules and regulations of the country. In line with ethical business practice. Igatsha Consulting (Pty) LTD ensures to delivery all the logistics applying over business ethics such as efficiency, professionalism and time management. We intend using a 120 % dedicated organizational team; We have excellent project management. And Effective and efficient service provision.

## OUR SERVICES

### 1. Project Management

At our company, we specialize in providing exceptional project management services tailored to meet the unique needs of our clients. We excel in coordinating

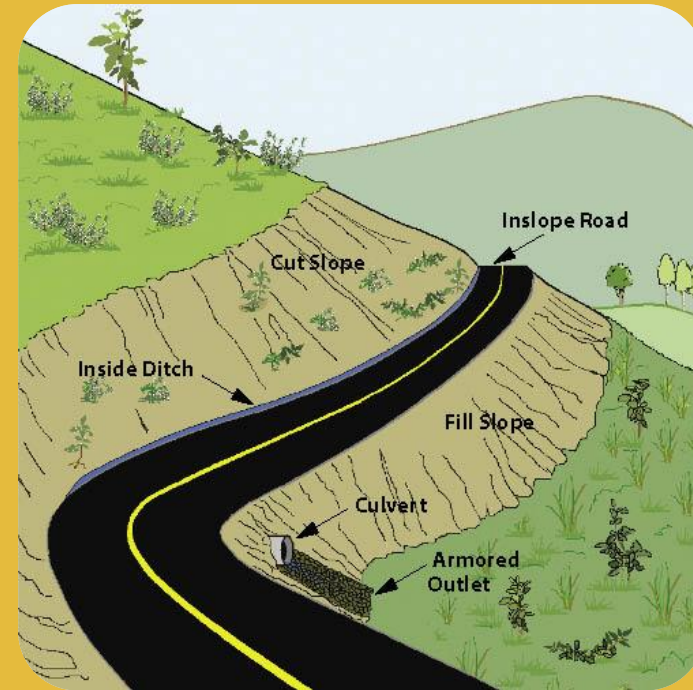

resources, managing budgets, ensuring quality control, and mitigating risks to ensure projects are completed on time and within budget

### 2. Topographical Surveying

One of the core services of our company is topographical survey. Through precise measurement and mapping of the natural and man-made features of a site, our expert surveyors provide essential data to inform the planning, design and construction process, using state-of-the-art equipment and techniques..

### 3. Structural and Road Design

Our team of skilled engineers and designers collaborates closely with clients to develop innovative and practical solutions tailored to their specific needs and project requirements.

### 4. Land Surveying

We offer comprehensive land surveying solutions tailored to meet the diverse needs of our clients. From boundary surveys to topographic mapping, we deliver precise and detailed information that informs site planning, design and development decisions.

With a focus on accuracy and efficiency, our land surveying services help clients navigate regulatory requirements, identify potential challenges and optimize the use of land resources.
